## **Astaro Announces Infradapt as a Premier Partner in the North East.**

*Partner relationship provides Astaro customers with increased services and Infradapt customers with award winning technology.*

Burlington, Mass. (Sep 18th, 2007) – Astaro Corporation ([www.astaro.com](http://www.astaro.com)), a leader in delivering Unified Threat Management (UTM) security appliances, today announced that Philadelphia-based Infradapt ([www.infradapt.com](http://www.infradapt.com)), specialists in providing technology services to businesses in the North East, has won the local rights to offer the Astaro product line and will provide pre-sales consulting, implementation, and ongoing support services for Astaro's cutting-edge technology.

"We're very excited to expand our relationship with Astaro. We believe they have the most comprehensive and capable security appliances on the market," stated Corey S. McFadden, Managing Partner of Infradapt LLC. "The Astaro product line is very versatile. We have already implemented Astaro Security Gateway appliances in a variety of industries ranging from manufacturing to banking, with deployment sizes varying from small single-location businesses to multi-national enterprises," continued McFadden.

Infradapt validates its information security recommendations by conducting thorough lab reviews, load stress analysis, penetration testing, and other techniques to ensure the solutions it recommends offer the highest level of protection. "Infradapt's engineering team has rated Astaro the highest among integrated security appliances," continued McFadden, "We have found the industry reviews and other customer referrals to be accurate. Astaro's support has also proven to be excellent and was a contributing factor in the decision to partner with Astaro."

"Working with Infradapt has been a great pleasure" stated Colin Martin, Director of Sales for Astaro. "It only makes sense that we would want to partner with a company that shares Astaro's philosophy of giving customers exceptional support. The personal attention and technical expertise that Infradapt displays in their day-to day business operations is a proven formula for success and we are happy to have them on board."

The enhanced relationship between Astaro and Infradapt will result in improved implementation support and customer service, underscoring Astaro's commitment to its customers in the northeast US.
