Philadelphia Asterisk Vendor Infradapt to Conduct VoIP Training Seminar at ATSI Pittsburgh 2009 Convention

Association of TeleServices International's 65th annual conference highlights business and technology subjects for call center operators and managers.

PHILADELPHIA, PA – April 21, 2009 – Infradapt, a leading provider of communications and network infrastructure solutions announces its participation in the 2009 Association of TeleServices International (ATSI) 2009 Convention in Pittsburgh, Pennsylvania.

ATSI's 65th annual convention and expo will be held June 17-20 at the Weston Convention Center, 1000 Penn Avenue, Pittsburgh, PA.

Infradapt's Corey McFadden will be presenting "Asterisk: Tomorrow's Phone System", an educational seminar on June 17th from 1:00 PM to 2:00 PM in the Weston Convention Center's Washington Room. Seminar attendees are entitled to a free lunch given at 12:30 PM in the same room.

As a Digium® Select Reseller, Infradapt will offer in-depth perspective on Asterisk, the open-source PBX to attendees. The seminar highlights will include:

- Who is Infradapt ?
- What is Asterisk ?
- Open Architecture / Open Source
- Asterisk within a TAS Environment
- Lower Cost with Flexibility
- Advanced Features / Integration / TASterix

For more information about the seminar or for reservations, please contact Steve Michaels of TAS Marketing at 800-369-6126.

About ATSI

ATSI represents businesses providing TeleServices - an industry that grew from the simple need to answer a ringing phone to one that rides the crest of telecommunications and technological change. This includes telephone answering services, voice-mail services, inbound and outbound telemarketing services and any other business which provides enhanced communication services. www.atsi.org

About Infradapt

Infradapt, the adaptive infrastructure company, is a leading regional technology solutions firm, providing comprehensive IT consulting and outsourcing. Its customers span many industries from small-to-mid sized businesses to multi-location Fortune-1000 enterprises. Infradapt's solutions range from basic IT services through multi-tier outsourced support and business continuity solutions. Infradapt has a strong IP Telephony (VoIP) service concentration, specializing in designing, integrating, and supporting converged voice networks including multi-site and call center systems. Recognized nationally for service and engineering excellence, Infradapt is the company experts choose.
